How to write an essay?

An academic essay aims to **persuade** readers of an idea **based on evidence**.

- An academic essay should **answer a question** or **task**.
- It should have a **thesis statement** (answer to the question) and an **argument**.
- It should try to **present** or **discuss** something: develop a **thesis** via a set of closely related points by reasoning and evidence.
- An academic essay should include relevant **examples**, supporting **evidence** and **information** from academic texts or credible sources.
